

September 22, 2021

Dear Parents.

We are four weeks into our Fall Term and things appear to be going well. It amazes me how adaptable the kids are regarding the new protocol regarding coming to class. The drop-off and pick-up procedures appear to be working well. The staff is welcoming a return to “almost normal”.

We have several students who are choosing to exercise the on-line method of learning and as of yet I have heard of no major complications.

The purpose of this contact is to gain a better perspective on how the program is going. If there are any concerns or improvements that might make this adjustment period a little less stressful would be welcomed.

For our online students, are there any problems regarding signing on to the program and accessing the course material? If assistance is needed please let us know.

In addition, we have subscribed to an online program for the entire parish that has a wealth of material and information about the Catholic Faith. It is called “**FORMED**”. To access this tremendous site just follow the following steps.

1. Visit: **FORMED.org**
2. Click “**Sign In**”
3. Select “**I belong to a Parish**”
4. Find or type in “**St. John the Baptist 215 N. 13 St. Ft. Calhoun, NE 68023**”
5. Enter **your email address**, and you’re in.

This is a great way to learn more about our Faith and just to gain some additional knowledge on various subjects. It has movies and a lot of children’s material.

Please, let me know if there is anything that will make our program better serve the needs of our children and adults.

God Bless,

Deacon Paul
